FRONT & REAR BUMPER ASSEMBLY

[JAGUAR XK8/XKR, 1997-2000]

Enhance the originality and finish of your Jaguar XK8 or XKR with this genuine specification front bumper assembly.

Manufactured to OEM standards, this component restores the clean, elegant front-end profile of the early X100 models (1997-2000), ensuring perfect fitment and an authentic factory appearance.

Designed to integrate seamlessly with the vehicle’s existing mounting points and lighting configuration, the bumper provides the correct contours, surface quality, and alignment expected of a premium Jaguar restoration.

Ideal for collision repair, refurbishment, or full vehicle rebuilds, it delivers both structural integrity and aesthetic precision.
